MEMORANDUM FOR: [Redacted]  
Executive Officer, ODP  
THROUGH: [Redacted]  
Chief, Systems Programming Division  
FROM: [Redacted]  
Data Base Systems Branch  
SUBJECT: Request to Provide ORACLE Installation Procedures  
to the National Security Agency

1. Other Agency

National Security Agency  
9800 Savage Road  
Fort George G. Mead, Maryland 20755  
Contact: Peter Seelos

2. Description of Assistance

Provide in-house developed documentation describing installation of ORACLE Data Base Management System (DBMS) software on the IBM VM/CMS interactive system. The ORACLE vendor, Relational Software Incorporated (RSI), has no objection to this action.

3. Location of Assistance

Central Intelligence Agency

4. Component Involved

Office of Data Processing

5. Basis for Activity

The Office of Data Processing has developed comprehensive documentation which describes ORACLE software installation on VM/CMS. The National Security Agency (NSA) is contemplating purchasing and installing ORACLE on their VM/CMS interactive system. The documentation describes the computer resources and procedures required to install the software.

6. Financial Cost

None

SUBJECT: Request to Provide ORACLE Installation Procedures to the  
National Security Agency

7. Work Hours

None

8. Person to Contact for Additional Information
